Data Scientist Intern

Flip Robo Technology

08/2021 - Present

Bengaluru

Web scrapping projects

- Using python language to perform web scrapping by using selenium and beautiful soup library of jupyter notebook
- Scrapping data from different commercial sites likes amazon flipkart, digits, youtube, forbes, hotelsworld.com, etc.

Ass. Quality Control Engineer

Maharastra Seamless Ltd by D.P. Jindal Group

08/2019 - 09/2020

Nagothane, Raigad

Achievements/Tasks

- To check the quality of welding pipes by Automatic and manual Ultrasonic testings.
- TPI and client handling by communicating with them directly
- Reporting and Documentation to higher authority
- Handling department and Machine Maintenance

CERTIFICATES

Python, Machine learning and Data Analytics with developer student club of Birla institute of Technology Mesra

Learned and completes project in Python and machine learning

Python and Machine learning and Data Analytics bootcamp by Shape AI

7 day certification course on Machine learning and Python

Python and Machine learning and Data Analytics by Shape AI in collaboration with GDG Ranchi

Certification course

Certificate of Appreciation by Shape AI

Certificate of NDT, QA QC Engineer, PGP in Oil and GAS Piping and pipeline engineering

EDUCATION

PG in Data Science, Machine learning, Neural Network

Data Trained in collaboration with IBM & D.Y Patil University

03/2021 - Present

Bangalore

Machine learning

- Abalone Project -
- Avocado project
- Advertisement
- Baseball project
- Big mart sales project -
- HR analytics -
- Mushroom Classification
- Titanic Project
- Wine quality
- World Happiness scores

BE Mechanical

Pacific school of Engineering

08/2012 - 06/2016

Surat

SKILLS
